

INTRODUCING THE BM500U

Hurco's latest 5-axis machine is here. This is what you need to know.

The BM500U, new from Hurco, combines a large work envelope with a compact footprint. The extremely rigid machine design is packed with standard features that are usually options elsewhere, including linear scales, spindle cooler, through-spindle air and coolant, flood coolant, air mist collector and the new WinMax 6 control.

Fully kitted and automation-ready, it's a perfect addition to shop floors that are looking to grow.

- **WinMax control:** conversational + NC capability
- **Table diameter:** 500 mm / 19.6"
- **Maximum table load:** 250 kg / 600 lbs
- **X-axis travel:** 850 mm / 33.4"
- **Y-axis travel:** 500 mm / 19.6"
- **Z-axis travel:** 500 mm / 19.6"
- **B-axis travel:** -110° / +30°
- **C-axis travel:** 360°
- **Spindle:** 15,000 rpm 40 taper
- **Spindle power:** 7.5 kW @ 1,500 rpm
- **Spindle torque:** 47.7 Nm
- **ATC:** 60 tool stations standard (96 optional)

The BM500U is another fulfillment of the Hurco promise: the best way for the modern machinist to make that part. To learn more and take the first step, visit hurco.com or talk to your nearby Hurco dealer.
